

Autumn 2019

SCHOOL HOLIDAYS

Tales of Time-space Treasures

A fantastic opportunity to work with the creative team at '100 Story Building' in one of their story-making workshops that promote idea generation, risk-taking, creative expression and confidence. 100 Story Building collaborate to create stories in many different formats and have FUN WITH WRITING!

We can't keep it a secret anymore, the grounds of the sculpture gallery are being used as storage! Different civilisations across time and space are opening portals on our lawn and sending us their most prized treasures. We've got monuments, statues, vehicles, communication devices, and giant baby toys - at least we think that's what they are?! Come and help us work out what they are stashing, why they are hiding it and who is using this place as an inter-dimensional car park. We are bound to discover some juicy stories!

Half day program

Dates: Thursday 11th April 2019

9 am - 1pm

Cost \$ 75 per workshop. Fruit provided for morning tea. BYO water bottle and nut free lunch.

Age 7+ booking and prepayment essential - Places limited!

Nature Play week

Easter Saturday 20th April 2.00pm -3.00pm

A family workshop in the McClelland Sculpture Park will explore organic sculptural and architectural forms and space through creating huts inspired by the Aboriginal mia-mia with sticks, fallen branches, bark and rocks.
